**Anna Pavord : Border Book (DK Living)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Border Book (DK Living):

0 of 0 people found the following review helpful. Great Seller!By LJInteresting vintage booklet. Great Seller !!!1 of 1 people found the following review helpful. delightful, helpful and lovely!By M. TorresA friend lent me this book and I found it so delightful, so helpful, that I now am purchasing my own copy. Very well done - particularly helpful layout and variety of categories for developing your garden.21 of 21 people found the following review helpful. A Practical Guide to Designing BordersBy A CustomerThis extremely well-conceived book gives planting plans for a variety of border situations (shady, sunny stony, poolside, a very narrow space, etc.). It features drawings of each border in two different seasons, showing how the look will change as different plants come into bloom, photographs of each plant, and suggestions for varying each border by substituting plants which will give a different color scheme or look. A lot of information is packed into a concise format full of interesting planting ideas, making this an exceptionally useful and readable book.

Affordable paperbacks on stylish and contemporary topics created for people with full and busy lives. Clear explanations on a variety of subjects from gardening, cooking and health are enhanced by dozens of detailed

photographs. Step-by-step instructions entice the reader into learning the essential techniques.
