From Loft : Brazil Hotels before purchasing it in order to gage whether or not it would be worth my time, and all praised Brazil Hotels:

1 of 1 people found the following review helpful. Excelent phographic review!!!By Luiz R. S. CandiotaThis is a work that dignifies our exposure of some of the most beutifull hotels (mainly beach ones)we have in Brazil, and it is not a guide, only a phographic work of demonstration!

Riding on the back of the buildup to two major sporting events-the FIFA World Cup in 2014 and the Olympics in 2016 -Brazil has become one of the South America's leading beach and sports tourism destination. New boutique hotels, luxury hotels and eco-lodges are popping up all over the country, from the seductive charms of Rio and gorgeous paradise beaches to exploring the Amazon because travelling to Brazil is about lifestyle, culture, nature and adventure. But not only. Due to its potential to become a major player in the world economy, Brazil is a business destination as well. Lavishly illustrated and accompanied with quotes of renowned authors, this book is an

inspirational guide for the traveller in search of the latest trends, for the adventurous looking for ideas for their next journey, for the design savvy who wants cutting-edge accommodation, for interior designers and hoteliers looking for fresh inspiration, and for those who simply want to dream.
