It is an examination of exactly how to build one kind of bookcase door, complete with diagrams and part lists.I had hoped for more discussion of design, discussions of weight v strength in building materials, et c, but this is completely and simply a project guide.2 of 2 people found the following review helpful. Read the reviews before you buy! Shame on me.By Tara SchenkenbergerI wish I would have read the reviews first. This is not a book it is more like a pamphlet.

It is poorly printed, the pictures are so dark you can't see the photos. I am extremely disappointed. 0 of 0 people found the following review helpful. Don't waste your money By BECA Almost no details or options. Worth about \$.25 at most. A ripoff. A lot more info on internet for free.
