**Phyllis Hobson : Build Your Own underground Root Cellar** before purchasing it in order to gage whether or not it would be worth my time, and all praised Build Your Own underground Root Cellar:

2 of 2 people found the following review helpful. Good ReadBy Gregg CHandy little book to have . We do a lot of canning and meat things so we were running out of room and this will help.6 of 6 people found the following review helpful. Very conciseBy Ron PorterThis was short and to the point. It covered one method of building a root cellar that is designed to also serve as a storm cellar. The diagrams were useful. Any handyman should be able to build this

without problems. 3 of 3 people found the following review helpful. But it's informative and like the old ones that my mother had. By Discover Still reading the book. Has very interesting advice. But it's informative and like the old ones that my mother had, In these times a person needs a safe place in case the grid goes down!
