Richard Freudenberger : Building Fences Gates - How To Design And Build Them From The Ground Up

before purchasing it in order to gage whether or not it would be worth my time, and all praised Building Fences Gates - How To Design And Build Them From The Ground Up:

36 of 37 people found the following review helpful. One of the worst books I have ever read!By Chris RudolphThis book has maybe 10 pages on building a fence from the ground up. The rest is mostly filler and pictures of the types of fences that are out there. I would not recommend this book to anyone!3 of 3 people found the following review helpful. Great ideas on a wide variety of fence typesBy Janette M. StilesNot a how-to book, but loaded with dozens of fence types and styles. If you are starting your fence project from scratch and need ideas, this book would be a great inspiration!5 of 8 people found the following review helpful. Great for design ideas !By Donald J. BergA great source for design ideas and advice on planning, plotting and building your fence. This book has beautiful photographs and presents clever solutions for fence builders.
