**Editors of Sunset Books : Building Garden Patio Furniture: Classic Designs, Step-by-Step Projects** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Building Garden Patio Furniture: Classic Designs, Step-by-Step Projects:

0 of 0 people found the following review helpful. Some of the instructions seem incomplete and are a bit ...By CustomerSome of the instructions seem incomplete and are a bit difficult to follow, at least for me, but by improvising, I have built versions of four of the projects in this book and am working on two more.1 of 1 people found the following review helpful. Dated DesignsBy CustomerI purchased this book for my son to help give him some ideas on building some outdoor furniture. The ideas contained in this book are good, but very dated. I did not see any real issues with the book, but similar information can be found online for free.0 of 0 people found the following review helpful. Exactly what I was looking forBy CHHAd checked this book out at my local library and liked it so

much that I wanted a copy. Found it on . Book was in excellent condition and shipping fast!

Family, friends, kids-everyone enjoys hanging out in the backyard or garden. Just think how impressed they'll be when they find out you built the furniture. Sunset commissioned a master woodworker to design these 18 high-end, elegantly simple pieces of outdoor furniture. Full-color photography shows off the beautiful design and craftsmanship of the completed projects. Several kinds of outdoor-resilient wood are used, such as pine, teak, mahogany, and recycled plastic lumber.
