Percy W. Blandford : Building Outdoor Furniture before purchasing it in order to gage whether or not it would be worth my time, and all praised Building Outdoor Furniture:

0 of 0 people found the following review helpful. Outdoor furniture bookBy gary j cravenVery informative and descriptive. Thanks0 of 0 people found the following review helpful. good if you already know woodworkingBy TC_Pugas it has been said before, there aren't enough details in the book unless you already know a lot about woodworking, but it did give us some good ideas, so it was a worthwhile purchase.

This book contains 125 step-by-step construction projects for outdoor furniture and accessories. This edition offers design and construction procedures for making simple stools and benches, complete chair and table sets, folding furniture, cooking equipment and children's backyard toys. Advice on how to design furniture to meet space requirements is also included.
