Scott McBride : Building Outdoor Structures (Taunton's Build Like a Pro) before purchasing it in order to gage whether or not it would be worth my time, and all praised Building Outdoor Structures (Taunton's Build Like a Pro):

0 of 0 people found the following review helpful. Far short of what I expected! By spuds366 Book had a little more wear that expected, however it did arrive on time and I guess it could be seen as acceptable. The book itself fell far short of what I expected. I've purchased other books that have much more information, building designs and instructions 0 of 0 people found the following review helpful. Five Stars By Alfred S. Thornton It gave me an idea of what was involved. 0 of 0 people found the following review helpful. Five Stars By StrangerGreat

"Building Outdoor Structures "offers practical, easy-to-follow instructions on enhancing any home's front and backyard with the natural beauty of wood. Starting with the simple uses of wood in landscaping, such as raised beds, author Scott McBride shows the average DIYer how to build retaining walls, arbors, pergolas and 7 other projects,

including a gazebo. The book covers everything from choosing materials to building techniques.

About the Author Scott McBride has been a gardener and a professional carpenter since 1974. He is a contributing editor of "Fine Homebuilding" magazine, and the owner of Mustard Seed Master Builders in Sperryville, Virginia.
