Five StarsBy Anne WestlakeNice book in great shape. I can't wait to start building my own home3 of 3 people found the following review helpful. Want to build.By bookladyxyzI don't like - a title - with "dummies" in it. But I do like the book. It gives step by step information in a lay person's mode of understanding. As a single woman wanting to have my own home build - this book will give me more than enough information to speak "the language" of the builder. This book will vanquish the "dummy" in you.
