Dale Mulfinger : Cabinology: A Handbook to Your Private Hideaway before purchasing it in order to gage whether or not it would be worth my time, and all praised Cabinology: A Handbook to Your Private Hideaway:

8 of 8 people found the following review helpful. A must have for anyone building or dreaming of building a cabinBy Cabin BuilderI gave this book five stars because I bought it before I built. Now that the cabin is done this book isn't as useful.That said this book is amazing. It has the essence of cabin life with the occasional real life story thrown in. It also is very well organized and thought out. It could have more information on certain topics, but then it was be a series of books not just a light reader.Overall it asks you some hard questions to help you avoid big mistakes. It charges your soul with cabin ideas and stories. Then it offers suggestions within categories to ensure you think of everything before you build.This book is a must have for cabin lovers and anyone thinking of building one. It is a great gift for those folks!1 of 1 people found the following review helpful. Five StarsBy Marcy HjortLove the pictures.

Always adds to a book. Thanks! 1 of 1 people found the following review helpful. Five Stars
By corygreat read and very good pictures. Great for getting lots of ideas from

Wouldn't life be a whole lot better if somewhere out in the wild woody yonder sat a snug little cabin with your name on the mailbox? You know it would. If you have a cabin dream, this book is your ticket to making it real. With *Cabinology* as your map and architect and cabinologist Dale Mulfinger as your guide, you'll know the best way to approach every decision, from choosing a site for a new cabin, to remodeling an old one, to getting exactly the right fireplace for melting away all that ails you. *Cabinology* doesn't just guide you, it keeps you inspired. Throughout are photos of cabins small and large, great details and design tips, stories from other cabin owners around the country, and clever insights into getting a cabin of your own.

"Hark back to the basics and discover 37 unique cabins across the country.... All are so inviting, you'll want to grab the marshmallows and head to the woods." About the Author
Minnesota architect and renowned "cabinologist" Dale Mulfinger has designed cabins all over North America. Principal emeritus of SALA Architects, Dale is a fellow of the American Institute of Architects and the author of five books, including the best-selling *The Cabin* and *Back to the Cabin*, both published by The Taunton Press.
