**Ralph Kylloe : Cabins** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cabins:

0 of 0 people found the following review helpful. Dreem book that can become a reality. By Laurette V. A must have if you are in the market for a cabin. Fantastic pictures. 2 of 2 people found the following review helpful. If you have a million plus dollars for a cabin, this book is for you! By David E. Wiegand This certainly is a beautiful book. The cabins are exceptional. For me, that was the problem. I, personally, can not relate to it. I don't think that a cabin is really a cabin when it becomes purely a luxury retreat. Now, it may sound like I have a negative attitude towards comfort and beauty, and that's not the point at all. I love beautiful furnishings, textiles, and modern conveniences, but to me, these cabins lack a certain amount of coziness and warmth that I aspire to see in a book of this subject. I have the Log Home Book by this same author and I linger over the photos, as they are more what I think a cabin should be, not quite so lavish. That being said, diversity is what makes the world go around. Some will find this the most beautiful book on cabins that is on the book shelves at this time, and as I said before, it is a very beautiful book on very "high end" cabins. 0 of 0 people found the following review helpful. Eye sore By Tammy Davis The photography is awful. Focal points strange and the lighting is so poor. Great rooms ruined by terrible photography. Wish I never bought it.

Whether at camp, at the lake, in the mountains or high off in the backwoods, we all cherish our memories of summer vacations at the cabin. Maybe it was enjoying the coziness of log bunk beds, playing games with cousins and friends, diving off wooden-plank docks, fishing from the riverbank, being lulled by the rustling breeze or mesmerized by the riffling stream or slapping waves whatever, these experiences linger in our memories. The homes and camps presented in *Cabins* are making new memories for today's families. Some are contemporary homes that incorporate rustic furniture; some are traditional cabins with great rooms and high ceilings. All exude the warmth of wood railings and stone. Engaging, impassioned, and always entertaining, Kylloe has an eye for rustic detail and signature style of photography that makes this, his thirteenth design book, exquisite in every regard. These homes feature idyllic settings for family fun and entertaining, masterfully crafted rock fireplaces and sensual rustic furnishings to covet. Featuring homes across the upper United States, from New England and New York to Montana and Washington. Ralph Kylloe is a leading authority on rustic furniture and architecture and is the owner of the Ralph Kylloe Gallery at Lake George in New York's Adirondack Mountains. He is the author of thirteen previous rustic design books, including *Cabin in the Woods*, *Cabins and Camps*, *Rustic Artistry for the Home*, *Rustic Traditions*, *The Rustic Cabin*, and *Adirondack Home*.

From the Inside Flap **WHETHER AT CAMP, AT THE LAKE**, in the mountains or high off in the backwoods, we all cherish our memories of summer vacations at the cabin. The homes and camps presented here reveal that rustic style isn't just for summer cabins anymore. Rustic is easily adaptable for any lifestyle. Some examples are contemporary homes that incorporate rustic furniture; others are traditional cabins with great rooms and high ceilings. All exude the warmth of wood railings and stone. Impassioned and always entertaining, Kylloe has an eye for rustic detail and a signature style of photography. He has photographed rooms that will spark a plethora of ideas for decorating your own home in rustic style, even if it's in the suburbs! Ralph Kylloe received an Ed.D. from Boston University and has taught at the university level for many years. He is a leading authority on rustic furniture and owner of the Ralph Kylloe Gallery at Lake George in New York's Adirondack Mountains. He is the author of nineteen previous books, including *Cabins and Camps*, *Rustic Artistry for the Home*, *Cabin in the Woods*, *Hickory Furniture*, *Rustic Traditions*, and *The Rustic Home*. Jacket design by Adrienne Pollard Jacket photographs 2006 Ralph Kylloe About the Author Ralph Kylloe received his EdD from Boston University and has taught at the university level for many years. He is a leading authority on rustic furniture and owner of the Ralph Kylloe Gallery at Lake George in New York's Adirondack Mountains. His previous books include *Fishing Camps*, *Rustic Architecture and Design*, and *Cabins and Camps*. Excerpt. Reprinted by permission. All rights reserved. I've spent the past thirty years in the rustic design business. Log cabins and all the natural surroundings and furnishings that come with them thrill me. Rustic homes have come a long way in the past few decades. There seems to be a much greater concern for "green" considerations than there was just a few years ago. And along with that, many designers of traditionally built homes are incorporating rustic elements into their structures. Builders are adding a rustic porch or a rustic den or living room. Designers are adding a piece or two of very high-end rustic furnishings to traditional residential settings.
