This dictionary concentrates on the globular cacti, particularly Mammillaria, but includes some popular columnar cactus forms such as Echinocereus.

"As identification tools or pre-buyer shopping lists, the [dictionary is] superb ... As inspiration for buying plants for your planter, rock garden, greenhouse or coffee table, [this] illustrated [dictionary offers] years of information and enjoyment."--Coni Tarquini, Hardy Plant, April 2003--Coni Tarquini "Hardy Plant "About the AuthorRod Preston-Mafham has grown cacti for more than 30 years. He maintains a varied and extensive collection of cacti in England, where he resides.
