From Brand: Chouette Publishing : Caillou: In the Garden (Playtime) before purchasing it in order to gage whether or not it would be worth my time, and all praised Caillou: In the Garden (Playtime):

0 of 0 people found the following review helpful. My son loves this bookBy KnitKatMy 2 year old loves Caillou and totally freaked out when he opened this Christmas present. I like that it is showing kids that gardening can be fun and results in yummy nutritious food. It also teaches them that with patience comes reward. We like looking at the vegetable chart in the back and naming all of the things we see.0 of 0 people found the following review helpful. cuteBy Cali MommiThis is a very cute book. The illustrations are like the PBS show. We purchased this as an adjunct to our son planting his first garden. It even has a cute little vegetable chart for kids to "check" off ones they've tried. Would buy again.0 of 0 people found the following review helpful. Love!By LindseyAdorable story about a boy and his grandpa in the garden. All caillou books are excellent. I think I own at least 20. My 3 year old loves each one.

Caillou helps Grandpa in the garden by growing carrots and finds out how much fun it is.

About the AuthorMarion Johnson is the author of Caillou Learns to Skate, Caillou: The Circus Parade, Caillou: The School Bus, and Caillou at the Zoo. Sarah Margaret Johanson is the author of several Caillou titles. Eric Svigny is a graphic artist and the illustrator of numerous Caillou books. They all live in Montreal, Quebec.
