Candice Olson : Candice Olson Family Spaces before purchasing it in order to gage whether or not it would be worth my time, and all praised Candice Olson Family Spaces:

4 of 4 people found the following review helpful. Candice never disappoints!! Gorgeous spaces... so inspiring!By Lisa M. JordanEvery room Candice designs is beautiful and I really appreciate the color swatch boards included for each design. Wish her paint color names were listed, but still extremely helpful for matching. I also believe she has a website where room colors can be found. Rooms are elegant and designed for great use by a family. Most are casual and kid friendly, others more for grown ups. I find tips from every design that can be duplicated in my own home right away... from furniture arrangements, paint colors, fabric changes, and accessory ideas. Before and after photos included, along with her finished sketches. I like how flaws before are revealed along with how they magically disappear from her use of draperies or mirrors, etc. Most rooms include a desk, office area, or craft work area which families want today! This book is a must for a do it yourselfer and professional designers. Book publisher does a beautiful job with design and style of it also. Nice large, softcover book. Perfect accessory for a coffee table or bookshelf in the family room. I'm waiting for her book on bedrooms to arrive any day now! Can't wait! Hope you get

this book and enjoy as much as I do!0 of 0 people found the following review helpful. Five StarsBy Janice StraneWONDERFUL !4 of 4 people found the following review helpful. Candice is great, but book is datedBy Don PaulaThe designs in this book are creative and attractive. However, it's mostly basements. Also, the TVs in many of the rooms are not flat screens. The book has a companion website that lists each item in the book and where you can buy them. This is great idea. I was interested in a fireplace, but when I tried the link for it, the page was not found.

Popular TV star Candice Olson shows you how to create your dream family room Everybody wants their home's main living space to meet the needs of the whole familyand look great doing it.
