Francis Chilton-Young : Carpentry for the Garden before purchasing it in order to gage whether or not it would be worth my time, and all praised Carpentry for the Garden:

This book contains a wonderful guide to do-it-yourself carpentry for the garden, including chapters on tools, workshops, and many different ideas for potential projects. Including a plethora of helpful illustrations and simple, easy-to-follow instructions, this guide is perfect for the beginner and is not to be missed by anyone with an interest in outdoor carpentry. The chapters of this book include: 'Some Words on Outdoor Workshops in general, and a Removable Workshop in particular'; 'The Construction and Improvement of Dustbins', 'Portable and Permanent: with Hints on their Ornamentation, etc.'; 'Trellis Work, the Mode of making it, and some of the different Forms it may assume'; 'Wall Gardening, and ornamental Structures and Contrivances subsidiary to it'; et cetera. We are proud to republish this book here complete with a new introduction on woodworking.
