I couldn't put it down. I anxiously was looking for what the next page was going to hold. So much inspiration in this book. 6 of 6 people found the following review helpful. A beautiful book By Meyer Davis Studio This book is a must for any interior designer or design buff. Great transitional style By Phoebe Loved the clean and chic transitional style of the designers. Modern and traditional at the same time. Well done.

Jesse Carrier and Mara Miller, the principals of Carrier and Company Interiors, create rooms that are a confident mix

of timeless and contemporary design familiar and fresh at once. Always refined and sophisticated, the Carriers rooms often feature subtle patterns and neutral palettes punctuated by bursts of exuberance and unexpected mixes of high and low, old and new. Whether decorating a sprawling country house or a Tribeca loft, a winter home in Florida or an apartment in a converted New York printing house, the Carriers connect people with place and combine their tailored, carefully edited approach with the clients collections, taste, and personality, creating exquisitely detailed yet comfortable and personalized spaces. This beautifully illustrated new book shows why the Carriers are the designers of choice for so many of the countrys most discriminating arbiters of taste.

The husband-and-wife team create spaces that are classic yet livable.
