Judith Miller : Chairs before purchasing it in order to gage whether or not it would be worth my time, and all praised Chairs:

0 of 0 people found the following review helpful. This is my absolutely favorite book on chairsBy Electric ViolinThis is my absolutely favorite book on chairs. The choice of chairs is excellent. The descriptions are adequate. But the photos are magnificent. If I could only purchase one book on chairs, this would be the one I'd choose. (I own more than one and some are much more expensive.)0 of 0 people found the following review helpful. This is a beautifully done bookBy CustomerThis is a beautifully done book, and is informative as well. I originally thought it would be no more than a coffee table book, but as I move through the reupholstering of several family and found pieces, I use the book as a constant resource.3 of 3 people found the following review helpful. Attractive BookBy Hans-Peter WachterThis book is probably more appropriate for a coffee table than the scholarly discourse that I was expecting. Judith Miller has written other volumes that are true reference books. I am not convinced of Judith's selection of chairs illustrated in this work.

Judith Miller celebrates and scrutinizes nearly 400 years of great seating in this sumptuous volume, an ode to the ingenuity of design, craftsmanship and sheer wow factor of the chair. Ranging from early antiques such as the 1680 Wainscot Chair and the 1740 Louis XV Chaise Lounge, to modern day collectibles such as Marc Newson's 1988

Embryo and Tom Dixon's 2007 Wingback, here are over 100 breathtaking chairs, all photographed on location. This lavish celebration of Chairs offers design aficionados and furniture lovers both authoritative text and 400 stunning photographs. In this beautifully designed volume, the chair really is the hero.

About the Author Judith Miller began collecting antiques in the 1960s while a student at Edinburgh University. Fascinated by the inexpensive plates she bought in the city's junk shops she began to research their history in books and auction catalogues. She has since become one of the world's leading experts in antiques. From 1979 until 1988, Judith served as the co-founder of the international best-seller Miller's Antiques Price Guide and has since written more than 80 books, many of which are held in high regard by collectors and dealers.
