Magie M. Maule : Children's Bedroom Stencils before purchasing it in order to gage whether or not it would be worth my time, and all praised Children's Bedroom Stencils:

The simple step-by-step instructions in this book enable anyone to create a dramatic and striking effect in a nursery or children's room. From a variety of imaginative sources and styles, this book provides the inspiration to transform any room. Motifs include clowns, ducks, rabbits and foxes as well as toys and games. Each stencil is designed so that it can be enlarged on a photocopier and cut out with ease. There are also useful tips on how to get an even and professional finish.
