Hu Yunhua : Chinese Penjing: Miniature Trees and Landscapes before purchasing it in order to gauge whether or not it would be worth my time, and all praised Chinese Penjing: Miniature Trees and Landscapes:

I have all the books of this author, they are very well done, and this perhaps the best done. It is like sensuous nature. The Chinese form tends to use bonsai trees, in some setting, in a fashion similar to Chinese Ink Brush painting, but oh, is this exquisite stuff, so very beautiful. Think of a Japanese garden- well, ok, a Chinese scholar's garden- in miniature, and you have this. This is a fantastically beautiful art form, luscious, almost painfully beautiful, and this book is a very nice presentation of it. 0 of 0 people found the following review helpful.
