**The Great Dixter Charitable Trust, Christopher Lloyd : Christopher Lloyd's Gardening Year Journal** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Christopher Lloyd's Gardening Year Journal:

0 of 0 people found the following review helpful. Cute, little gift book for your gardening friends By Wife, Mother, Gardener Small-size reprint copy of CL's Gardening Year. Still beautiful in its photos and classic CL prose. Not as much room for actually journaling as I had hoped (one page per month). A great value to introduce a friend to CL!

This giftable but lightly journalised edition of the Christopher Lloyd classic gardening reference with sumptuous new photos by Jonathan Buckley and a new introduction from Fergus Garrett. Month by month what to do, what to admire,

what to think, what to hope for - with special monthly feature boxes that will highlight `colour' and `succession', the two aspects that lovers of Christopher Lloyd's planting philosophy are most acutely attuned to. A new treatment to an old classic of what to do when to create and maintain a beautiful garden. The dream team of Jonathan Buckley, Christopher Lloyd and Fergus Garrett. This classic reference to the gardening year provides adventurous and thoughtful gardeners with the most eloquent writing on the garden in the 20th century accompanied by the outstanding photography.

Its a good-looking month-by-month reference guide to whats going on in the garden and how to enjoy the same colour-rich planting effects at home [...] His eloquent writing style makes this a very readable book thats hard to put down.
