4 of 4 people found the following review helpful. Habitat gardening made simple By Susan J. Twei This book is a keeper for any Rocky Mountain gardener interested in providing beautiful and sustainable habitat for songbirds and pollinators in their yard or neighborhood. Lots of photos, easy to read, good plant lists. 0 of 0 people found the following review helpful. This is a book great for beginner gardeners but for more experienced ones not ... By old flower This is a book great for beginner gardeners but for more experienced ones not so much. I have almost every Colorado gardening book starting 35 years ago so that explains my 3 star rating. 0 of 0 people found the following review helpful. Five Stars By Julie Friedman Nice book, just what I needed.

Wildscaping is creating healthy diverse habitats that include native plantings to feed, shelter, and nurture wild creatures. This guidebook will help beginner and veteran gardeners alike to design, maintain, and enjoy a Colorado

Wildscape of their very own. The journal format encourages the inclusion of personal sketches and notes on its pages.
